# Maximize teacher efficacy with Derivita PLC Workspace + Reporting

Enable self-selected teams to collaborate on, share, and deliver common assignments and assessments directly from Derivita. Automated data comparisons provide actionable insights that save time and guide instructional strategies and PLC conversations.

## PLC Workspace + Reporting includes:

- + Conveniently integrated within your existing LMS.
- + Create a PLC group with a designated "Lead" and "Members".
- + Create custom assessments with Derivita Dynamic Questions.
- + Share PLC assessments and encourage collaboration.
- + Offer PLC members a "join code" for easy access.
- + Automated, aggregated reports from PLC assessments.

## PLC Workspace benefits include:

- + Utilize a centralized, digital workspace for team collaboration and discourse.
- + Share assessments and data to establish strategies to drive student success.
- + Develop consistent and rigorous content across your school or district.
- + Strengthen PLC conversations and Professional Development initiatives with data.
- + Provide teachers with immediate student progress data on shared assessments.

## Unlock the full potential of your teaching staff
